

Report Dissemination Plan for the Boz Uchuk Small Hydropower Plant Project

Report: Boz Uchuk Small Hydropower Plant Assessment Report

Report version: 8 September 2026

Organization responsible for dissemination: Ananyevo HPP LLC

Contact person: Ulukbek Nurlanovich Zhumashev (Director of Ananyevo HPP LLC)

Plan date: 18 September 2026

1. Purpose of the Plan

This plan sets out the procedure for making the Boz Uchuk Small Hydropower Plant project report available to stakeholders, notifying them of the availability of the materials, and receiving comments and suggestions as part of the HSS consultation process.

The plan provides for both online and in-person access to the materials, including for residents without regular internet access.

The stakeholders, communication methods, report dissemination methods and feedback mechanisms are listed in Appendix 1, “List of Stakeholders and Information Disclosure Mechanism”, which forms an integral part of this plan.

2. Materials to Be Disseminated

The following materials will be made available for review:

- the full report in Russian;
- the full report in English;
- the appendices to the report;
- a publication notice specifying how to access the materials, the deadline for comments and contact details;
- a form for submitting comments and suggestions.

The Russian and English versions must correspond to the same approved version of the report. The version date must be indicated on the published materials. In the event of any discrepancy, the English version shall prevail.

The full report will be submitted for final approval before public dissemination begins. Preliminary preparation of the website, mailing arrangements and printed materials may proceed in parallel.

3. Stakeholders

The report will be disseminated to all parties listed in Appendix 1:

- Boz Uchuk Small Hydropower Plant;
- residents of Boz Uchuk and Novovoznesenovka villages;
- Ak-Suu District Administration;
- Khan-Teniri Village Council Administration;
- Forest Service under the Ministry of Emergency Situations of the Kyrgyz Republic;
- Karakol Territorial State Forestry Management Authority;
- Issyk-Kul Regional Department of the Ministry of Natural Resources, Ecology and Technical Supervision of the Kyrgyz Republic;
- Green Energy Fund under the Cabinet of Ministers of the Kyrgyz Republic;
- Issyk-Kul Power Plants Enterprise under the National Electric Grid of the Kyrgyz Republic;
- Issyk-Kul Basin Water Management Administration;

- members of Khan-Teniri Village Council;
- members of the Alliance of Small Hydropower Plants Association.

Organization names are based on Appendix 1. Recipients, contact persons and email addresses will be confirmed before letters are sent. A photographic record will be compiled.

4. Dissemination Procedure

4.1. Website Publication

The approved report and appendices will be published on the project webpage:

<https://bozuchukges.kg/consultation.html>

The same page will also include the feedback form, the consultation email address and the deadline for comments.

A QR code linking to the materials page will be prepared for notices and letters. Before dissemination, the availability of the documents and the functioning of the links, QR code and feedback form will be checked.

Russian version

English version

4.2. Official Letters and Email Distribution

Official letters and email notifications will be sent to stakeholder organizations in accordance with Appendix 1.

The notification will include:

- the title of the report and the purpose of making it available;
- links to the Russian and English versions and appendices;
- information on locations where printed copies can be accessed;
- methods for submitting comments;
- the deadline for comments;
- the contact details of the responsible person.

A list of stakeholder email addresses will be compiled and verified. Once the list is confirmed, automated email distribution of notifications will be configured. Undelivered messages will be reviewed, addresses corrected and messages resent where necessary.

4.3. Access to Printed Copies

In accordance with Appendix 1, printed copies of the report will be available:

- at the Boz Uchuk Small Hydropower Plant building;
- at Khan-Teniri Village Council;
- at the district administration building;
- at the office of the Alliance of Small Hydropower Plants Association.

The placement of copies will be agreed in advance with the relevant organizations. Notices will specify the exact address, access hours and contact person.

4.4. Informing Local Residents

Residents of Boz Uchuk and Novovoznesenovka villages will be informed through notices on information boards and local community WhatsApp groups.

The notices will include brief information about the report, a link and QR code, the locations of printed copies and instructions for submitting comments.

4.5. Engagement with Council Members and Civil Society Organizations

Members of Khan-Teniri Village Council will be informed through the speaker or head of the council. Where necessary, in-person follow-up will be arranged to discuss comments received.

An official email with links to the report and comment form will be sent to the Alliance of Small Hydropower Plants Association, and a hard copy will be made available at the organization's office.

5. Receipt and Review of Comments

Comments and suggestions will be accepted through:

- the online form on the project website;
- the dedicated email address _____;
- comment boxes at the district administration building and the hydropower plant, as well as at other locations specified in Appendix 1;
- in-person engagement with stakeholder representatives, with comments subsequently recorded in writing.

A dedicated email address _____ has been created, configured, connected to the feedback form and tested. It is intended to keep submissions received as part of the HSS consultation process separate from general enquiries submitted through other website forms. Forwarding of incoming messages to the responsible persons will be configured according to the agreed recipient list.

All comments received will be entered in a single register. Each entry will record the date, submission channel, content, person responsible for review, status and outcome. The submitter's contact details will be recorded if provided.

Person responsible for maintaining the register: [full name / position].

Schedule for checking email, the form and comment boxes: on day 30 and day 60.

Timeframe for acknowledging receipt and preparing a response: 10 days.

Where contact details have been provided, a response addressing the substance of the submission will be sent. Comments submitted without contact details will also be considered.

At the end of the consultation period, a summary of comments received and the outcomes of their review will be prepared, identifying any changes made or explaining why proposed changes were not accepted.

6. Schedule and Responsibilities

Activity	Timing / Stage	Responsible Person
Submission of the full Russian and English versions of the report for final approval	Before public dissemination	Zhumashev
Confirmation of contact persons and the email address list	Before email distribution begins	Zhumashev
Checking the website, documents, QR code and feedback form	Before publication	Petrosyan
Agreement on locations and access hours for printed copies	Before publication of notices	Zhumashev
Publication of approved materials	12 October 2026	Zhumashev
Sending letters, distributing emails and displaying notices	[date / period]	Zhumashev
Provision of printed copies	By the start of the review period	Zhumashev
Receipt and registration of comments	12 October 2026 – 10 December 2026	Zhumashev
Review of comments and preparation of responses	[agreed timeframe]	Zhumashev
Preparation of the final consultation summary	[date / timeframe after the comment period closes]	Petrosyan

The duration of the review and comment period will be agreed before dissemination begins. All notifications will specify the same deadline for comments.

7. Evidence of Plan Implementation

The responsible organization will retain evidence of the activities carried out:

- copies of official letters and the distribution register;
- records of sent and undelivered emails;
- links and screenshots of the published webpage;
- photographs of displayed notices;
- confirmation of delivery of printed copies;
- the register of comments and responses sent;
- the final summary of consultation outcomes.

If the published report is revised, the new version and update date will be indicated on the website. If the changes affect the content under consultation, stakeholders will be notified separately.

8. Appendix

Appendix 1. List of Stakeholders and Information Disclosure Mechanism.

Report on the Dissemination of the Boz Uchuk Small Hydropower Plant Assessment Report

As part of the dissemination plan for the Boz Uchuk Small Hydropower Plant (SHPP) Assessment Report, Murat Omorekovich Supataev, representative of Ananyevo GES LLC, carried out a series of activities, including visits within the Issyk-Kul Region and Bishkek. Individual meetings were held with representatives of relevant government agencies, local council members, residents of the villages of Boz Uchuk and Novovoznesenovka, the Small Hydropower Alliance Association, and Boz Uchuk SHPP staff. The materials were disseminated from 7 to 9 October 2026.

During the meetings, Murat Supataev explained in detail the aims and objectives of the independent assessment of Boz Uchuk SHPP. Particular emphasis was placed on the importance of obtaining comprehensive feedback from all stakeholders during the public consultation process. Contact details were provided for further information on the activities, including the telephone number of the Director of Ananyevo GES LLC, the company email address, and links to the company website.

Photographs of the meetings, screenshots from the company's official email account, and other supporting materials are presented below.

- 1. Boz Uchuk SHPP. The report in two languages, a paper feedback form and a feedback box were made available in the Boz Uchuk SHPP building. Details of the assessment were explained to the SHPP's operator, Zholdoshibek Tokombaev.**

2. **Residents of Boz Uchuk and Novovoznesenovka.** The report in two languages, a paper feedback form and a feedback box were placed in the Khan-Teniri local administration building. Details of the assessment were explained to the village head, Almaz Dyushembiev. Messages inviting local residents to participate in the activities were circulated in the WhatsApp groups of both villages. An invitation to provide feedback was also posted at the entrance to a shop in Boz Uchuk village.

3. **Ak-Suu District Administration.** The report in two languages, a paper feedback form and a feedback box were placed in the Ak-Suu District Administration building. Details of the assessment were explained to Nasirdin Sultanovich Madimarov, Deputy Akim of Ak-Suu District. An email with attachments was sent to the official email address: aksuurga@mail.ru

4. **Khan-Teniri Rural Council Administration.** The report in two languages, a paper feedback form and a feedback box were placed in the Khan-Teniri local administration building. Details of the assessment were explained to Aigul Monoldorova, Secretary of the Khan-Teniri Administration. An email with attachments was sent to the official email address: bozuchuk@bk.ru

5. **Forest Service under the Ministry of Emergency Situations of the Kyrgyz Republic.** The report in two languages, a paper feedback form and a feedback box were placed in the Forest Service building in Bishkek. Details of the assessment were explained to Aibek Baidaliev, Deputy Director. An email with attachments was sent to the official email address: info@forest.gov.kg

6. **Karakol Territorial State Forestry Management Authority.** The report in two languages, a paper feedback form and a feedback box were delivered to the Forest Service building in Karakol and handed to the Director's secretary. Details of the assessment were explained to Ruslan Imanbekovich Supataev, Chief Forester. An email with attachments was sent to the official email address: [REDACTED]

7. **Issyk-Kul Regional Directorate of the Ministry of Natural Resources, Ecology and Technical Supervision of the Kyrgyz Republic.** The report in two languages, a paper feedback form and a feedback box were placed in the Directorate's administrative building in Cholpon-Ata. Details of the assessment were explained to Nuriza Koilubaeva, Archivist. An email with attachments was sent to the official email address: [REDACTED]

8. **Green Energy Fund under the Cabinet of Ministers of the Kyrgyz Republic.** The report in two languages, a paper feedback form and a feedback box were placed in the Green Energy Fund building in Bishkek. Details of the assessment were explained to Emilbek Orozbaev, Director. An email with attachments was sent to the official email address: greenfundkg@gmail.com

9. **Issyk-Kul Power Stations Enterprise under the National Electric Grid of the Kyrgyz Republic.** The report in two languages, a paper feedback form and a feedback box were placed in the Enterprise's building in Karakol. Details of the assessment were explained to Kubat Asanakunov, Chief Engineer. An email with attachments was sent to the official email address: ipes@mail.ru

10. **10. Issyk-Kul Basin Water Management Administration.** The report in two languages, a paper feedback form and a feedback box were placed in the Water Management Administration building in Karakol. Details of the assessment were explained to Ulan Dokonbaev, Director. An email with attachments was sent to the official email address: [REDACTED]

11. **Members of the Khan-Teniri Rural Council.** The report in two languages, a paper feedback form and a feedback box were placed in the Khan-Teniri local administration building. Details of the assessment were explained to Zianagul Dyushchembieva, Secretary of the Khan-Teniri Local Council of Deputies. An email with attachments was sent to the official email address:

12. Small Hydropower Alliance Association. The report in two languages, a paper feedback form and a feedback box were placed in the Association's office in Bishkek. Details of the assessment were explained to Amantur Bektursunovich Kubatbekov, Chairman of the Association. An email with attachments was sent to the official email address: energoinvest.kg@gmail.com
